THE 1ST INTERNATIONAL CONFERENCE IN SCIENCE, TECHNOLOGY AND INNOVATION

18-20th June 2024

Launching: East Africa Conference Room, CIVE- The University of Dodoma
Conference Venue: CIVE-The University of Dodoma

Introduction

The University of Dodoma's College of Natural and Mathematical Sciences (CNMS) is pleased to announce an upcoming international conference centered around the theme "Recent Advances in Science, Technology, and Innovation for Sustainable Industrial and Community Development". This conference aims to bring together experts from academia and industry, both national and international, to discuss cutting-edge advancements in Science, Technology, and Innovation. With a diverse array of professionals from across the globe, the University of Dodoma (UDOM) has experienced record growth in professional development. The UDOM-CNMS Conference in Advances of Science for Sustainable Development seeks to mobilize stakeholders at all levels for better integration of scientific results into public decision-making processes and the inclusive development of basic sciences. Sustainable development is a global imperative, necessitating collaborative efforts and

interdisciplinary approaches to overcome its challenges. The chosen theme reflects the practical relevance of science, technology, and innovation in addressing real-world sustainability issues and showcases recent advances that have the potential to contribute significantly to sustainable industrial and community development. This year's conference anticipates welcoming over 150 participants to UDOM, providing an exceptional platform for academics and industry professionals to showcase their scientific advancements and explore the interlink between natural sciences and community development. Hosted at UDOM, participants will have the opportunity to experience the institution's campus, programs, and renowned hospitality. Moreover, the conference offers a unique chance for international attendees to discover Tanzania's breathtaking natural beauty, including iconic landmarks such as Mount

Kilimanjaro, the Serengeti National Park, and the pristine beaches of Zanzibar.

Target groups: Academicians, Scientists, Researchers, Industrial Professionals, Postgraduate Students, Policymakers, and Government Agencies/Authorities

Theme: Recent Advances in Science, Technology, and Innovation for Sustainable Industrial and Community Development

Subthemes

- The Role of Basic Science in Sustainable Industrial and Community Development
- Science Diplomacy in Sustainable Development
- Climate Change, and Food Security
- Natural Resources and Environmental Sustainability
- Artificial Intelligence in Sustainable Development
- Integrated Forensic Sciences for Sustainable Development
- Science Communication, Education and Culture and Entrepreneurship

Publication: Manuscripts accepted by the scientific committee will be published as conference proceedings in the East African Journal of Science, Technology, and Innovation.

Registration fees

Category	International Participants (USD)		Nationals and EAC (TZS)	
	Early Registration	Late Registration	Early Registration	Late Registration
Academicians/Researchers	\$150	\$200	250,000	300,000
Industries	\$150	\$200	300,000	350,000
Students	\$100	\$150	100,000	150,000
Dependents	\$50	\$75	100,000	150,000

Bank Information

Bank Name: CRDB

Account Number: 01J1082356300

Account Name: UNIVERSITY OF DODOMA DONATION

Sponsorship/Partnership Packages

- Platinum sponsor: TZS 15,000,000
- Gold sponsor: TZS 10,000,000
- Silver sponsor: 7,500,000
- Bronze sponsor: 5,000,000

Important dates:

- Abstract Submission: Deadline 5th May 2024 at 11:59 p.m. East African time
- Emails: cnms.conference@udom.ac.tz
- Notification of acceptance of abstracts: 20th May 2024
- The full paper submission deadline: Immediately after the conference
- Online Registration Deadline: 31st May 2024
