## Office of the Deputy Vice Chancellor Academic, Research and Consultancy

## SHORT COURSE ON QUALITATIVE RESEARCH

### Course Overview

Enhance your research skills with our **Short Course on Qualitative Research!** This intensive course intends to equip participants with essential knowledge and practical skills in designing, conducting, and analyzing qualitative research. Learn to formulate research questions, develop data collection tools, conduct interviews and focus groups, and apply qualitative analysis techniques. Ideal for doctoral students seeking to strengthen their qualitative research expertise. Join us to gain hands-on experience and produce high-quality qualitative research outputs! This course will be facilitated by experts from the University of Dodoma and the University of Oslo.

### Learning Outcomes

After this course, each participant is expected to be able to:

- i) Identify research questions suited for qualitative inquiry.
- ii) Develop a research proposal to guide an investigation using qualitative methods.
- iii) Design in-depth interview guides and focus group discussion guides for qualitative data collection.
- iv) Conduct qualitative data collection on a specific phenomenon.
- v) Apply various methods to analyze qualitative data.
- vi) Write up qualitative research.

## Target Group

The course is intended for PhD students as well as early-career researchers.

## Method of Delivery

The course will be delivered through interactive lectures, practical assignments, in-class practical demonstrations, and class discussions.

## Course Duration

This is a 5-day course.

## Date

Course dates: 28<sup>th</sup> April–02<sup>nd</sup> May 2025. The registration deadline is April 21<sup>st</sup>, 2025.

## Course Fee

TZS 150,000 for UDOM postgraduate students and TZS 300,000 for non-UDOM students. All payments should be deposited in the following bank account:

**Bank Name:** CRDB
