

## **EXTENSION OF REGISTRATION FOR STUDIES OF SEMESTER II FOR THE 2024/25 ACADEMIC YEAR**

The University of Dodoma management has noted with concern a significant number of students who have not completed their registration despite multiple reminders. To address this, the registration window will be reopened for one week, from May 25, 2025, to May 31, 2025. Therefore, the final deadline for registration for all students across Colleges, Schools, and Institutes will be May 31, 2025.

Accordingly:

1. All unregistered students are urged to complete their registration online in accordance with UDOM regulations to avoid any inconveniences.
2. No student shall be permitted to enter or sit for the CA and or End of Semester II University Examinations without a valid student ID card.
3. Students who cannot register within this timeframe will be required to POS.
4. The registration window for Semester II, 2024/25, will not reopen after this opportunity. Please ensure compliance within the specified timeframe.

All students are reminded to abide by the University of Dodoma regulations guiding undergraduate programmes of 2019 as revised in 2022. These regulations can be accessed at <https://www.udom.ac.tz>.
